

Ivy J. Horan is the president and founder of MGI Corporate Gifts LLC, a woman-owned company specializing in sourcing and creating unique business gifts and awards, known for personal concierge service and the high-end experience. She is also a mother, wife, daughter, sister, cousin, friend, and active community member in Arlington, Virginia.

Prior to founding MGI Corporate Gifts, Ivy worked as a corporate buyer for Hecht's department store, then oversaw the Corporate Gift division at Tiny Jewel Box for more than a decade. These experiences helped Ivy hone a robust array of client service and business skills, delivering the realization that the ability to lead clients through the curation of right gift at the right price meets an important demand. MGI Corporate Gifts LLC was founded in 2019 and offers custom business gifts and awards for speakers, board members, clients, milestone events, anniversaries, conferences and more.

Ivy lives in North Arlington with her husband, Paul, who she met in a local running club, and their son, Liam, and best friend, Myles the cockapoo. In her "spare" time she enjoys cooking, exercising, hosting gatherings, traveling, and spending time with family.
